

## Enrolling for Classes from the Shopping Cart

Students can elect to place classes in their shopping cart prior to enrolling by completing the **Class Search and Enroll** process on the Manage Classes tile. The last step in that process allows students to place classes directly into their shopping cart or enroll if they have a valid enrollment appointment.

To access your Shopping Cart, begin by clicking on the Manage Classes tile on the Student Homepage. Then, click on the Shopping Cart page.

If you are eligible to enroll in multiple terms or careers, your options will be listed on the first screen. Select the appropriate term/career that you would like to enroll in.

If you have added classes to your Shopping Cart, they will appear here. Select classes that you'd like to enroll in by checking the box next to the class(es) and click Enroll. **The Enroll button will not appear until your enrollment appointment time**, which can be found under Enrollment Dates.

The screenshot shows the 'Shopping Cart' page. On the left is a navigation menu with 'Enrollment Dates' highlighted. The main area displays a table titled 'Your Shopping Cart' with columns: Select, Availability, Class, Description, Session, Days and Times, Room, Instructor, Units, Seats, and Preferences. Three classes are listed, each with a checked checkbox in the 'Select' column. An 'Enroll' button is visible at the top right of the table area.
