

Viewing Student Milestones

Milestones are non-class related activities or events that are tracked in Enroll & Pay. Depending on the milestone, you may see them used on your Degree Progress Report or on your KU Academic Summary.

First, click on the Degree Progress & Graduation tile on your Student Homepage and then on your View My Milestones link.

If you have any milestones, they will be listed on the Milestone List. If you'd like more information about a particular milestone, click on the title of the milestone.

Jayhawk Student

Milestone List

Below is a list of your current milestones. To sort or filter your list of milestones, change the options.
